

# **Innovative Engineering Solutions**

## **Company profile**

- **Engineering Solutions Provider**
- **Key Deliverables**
  - **Custom Made Parts**
  - **Special Purpose Machines & Tools**
  - **Prototype Development/Testing**
  - **Import Substitution**

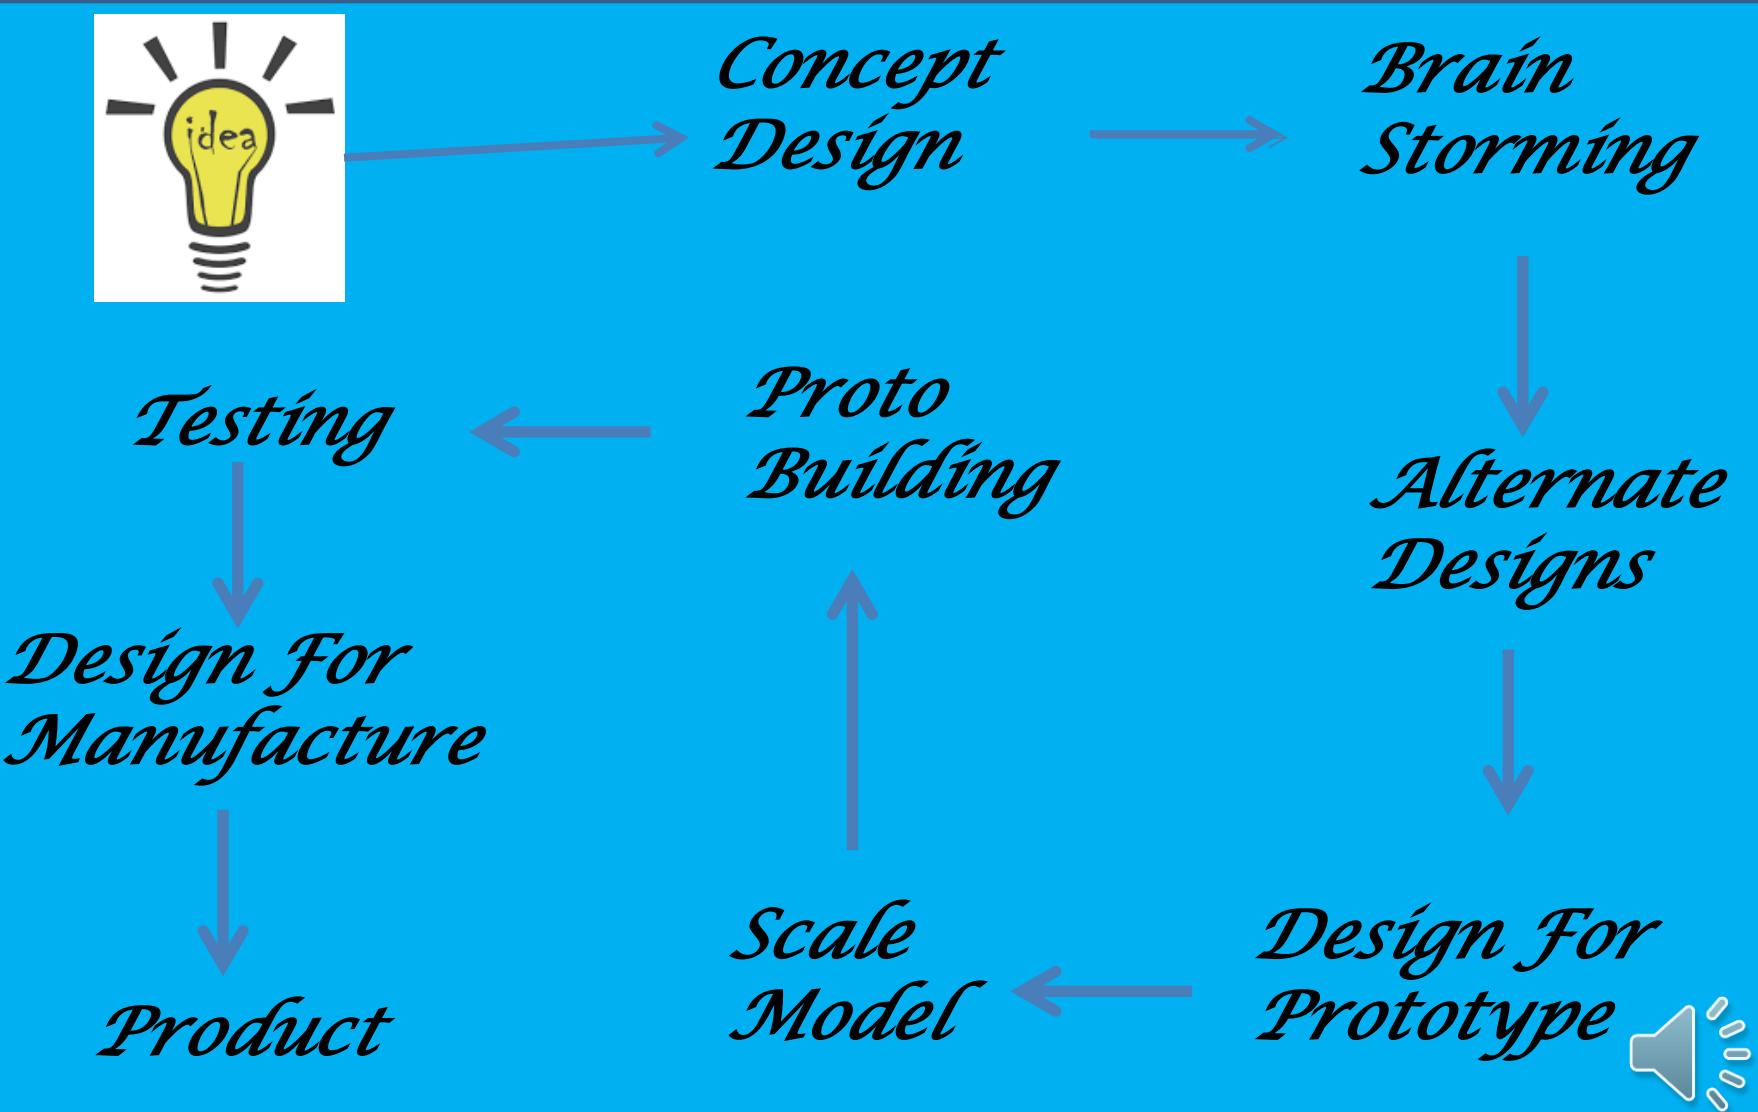

# Innovative Engineering Solutions

## IDEA TO REALITY

# Innovative Engineering Solutions

## Product IDEA TO REALITY

# Innovative Engineering Solutions

## Product Capability

### Prototype Development with Customer Design

Miniature  
GearBoxes

SS Trays with Teflon  
for Handling delicate parts

# Innovative Engineering Solutions

## Product Capability

### Prototype Development with Customer Design

Couplers for  
special Service

Ball Valves with Hardfacing  
for special Service

# Innovative Engineering Solutions

## Product Capability

*Prototype Development and Testing with Customer Design*

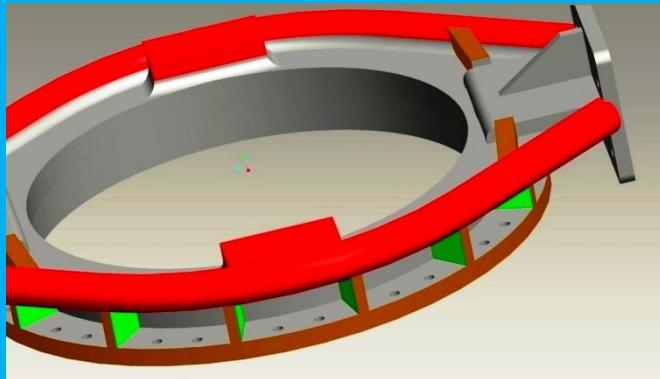

Centrifugal Seperator  
Proto under Testing

# Innovative Engineering Solutions

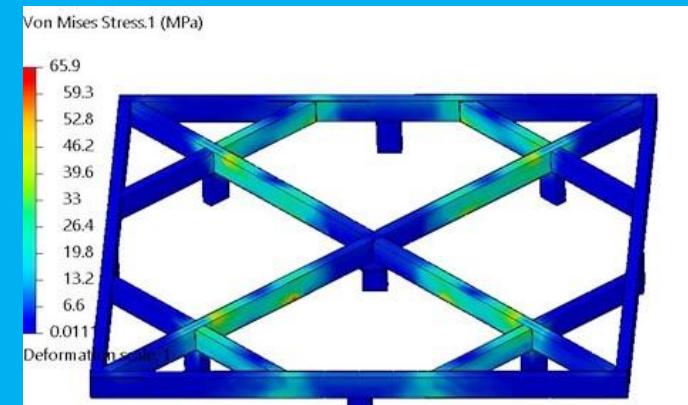

## Product Capability

### Prototype Development and Analysis with Customer Reqmt

Vertical Axis Wind Turbine  
Hub Development

Optimum Pallet  
Development

# Innovative Engineering Solutions

## Product Capability

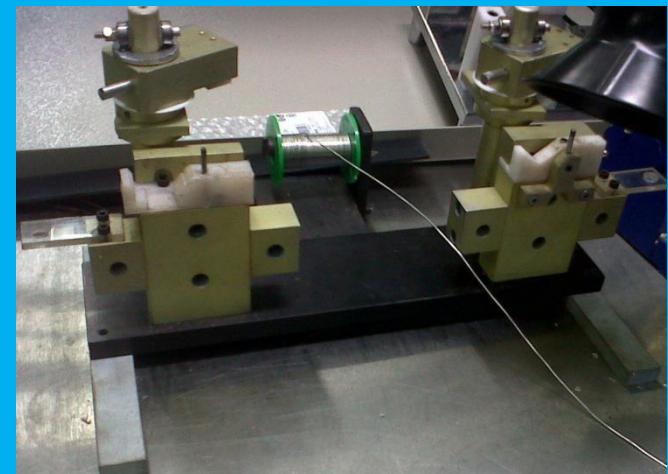

### *Customer Specific Assembly Tools Development*

Industrial  
Worktables

360 Deg R750  
Torque Arm

# Innovative Engineering Solutions

## Product Capability

**RPT**

3D Printing

Pattern/Casting

# Innovative Engineering Solutions

## Product Capability

### Customer Specific Fabrication

# Innovative Engineering Solutions

## Product Capability

### Customer Specific Machine Building

High RPM  
Generator system

CNC Pendent

# Innovative Engineering Solutions

## Product Capability

### Customer Specific Machine Building

Precision  
ScrewJacks  
Manual/Auto

Vegetable/Fodder  
Shredder

# Innovative Engineering Solutions

## Product Capability

### Customer Specific Machine Building

Rotary Barrel  
Polishing Machines

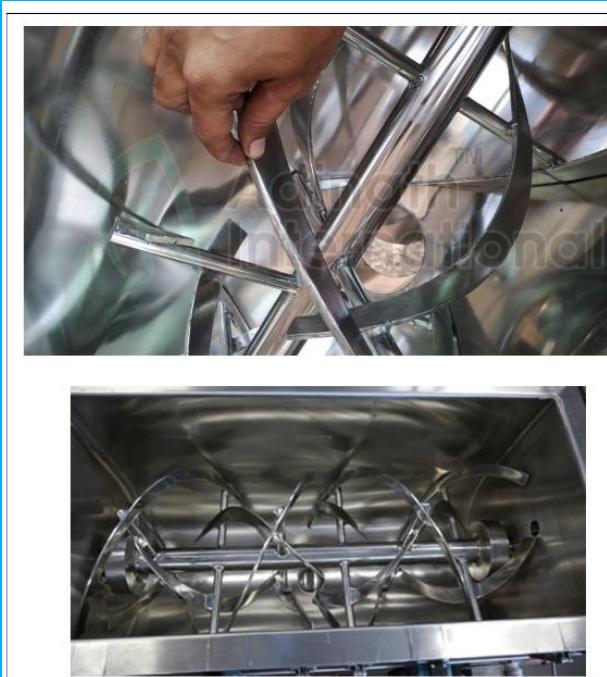

Reconditioning of  
WaterJet Cutting Machine

# Innovative Engineering Solutions

## Product Capability

### Customer Specific Machine Building

S.S Ribbon Blender  
Powder Mixing Machines

Travelling Oven

# Innovative Engineering Solutions

## Product Capability

### B2C Products

Boutique Stands

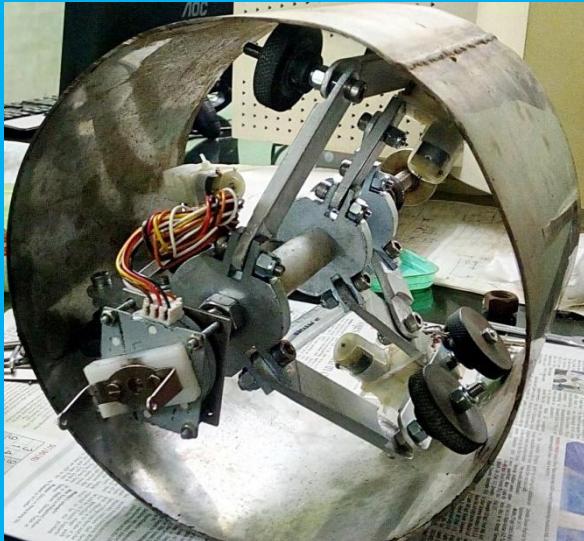

Flower Pot Stands

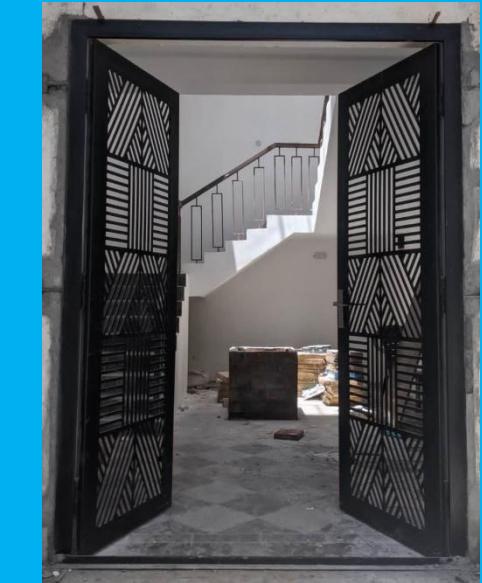

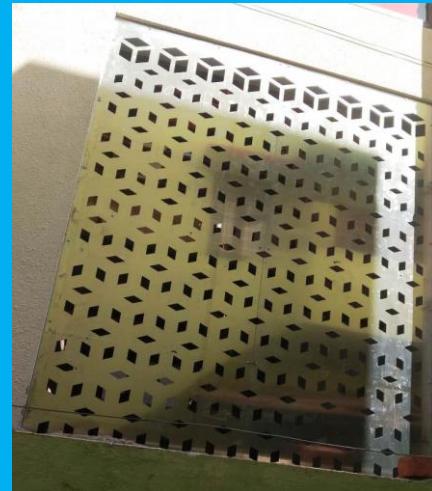

# Innovative Engineering Solutions

## Product Capability

### B2C Products

Sewage Pipe Robot

Grills

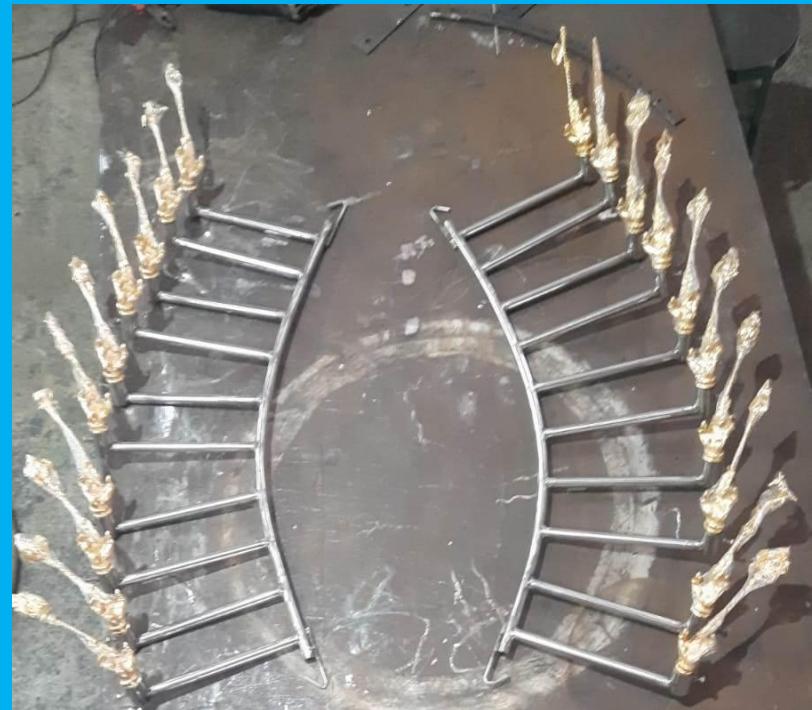

# Innovative Engineering Solutions

## Product Capability

### B2C Products

18No.s Skyshot stand

Jewel Holder for  
Goddess Figurines

# Innovative Engineering Solutions

## Product Capability

### B2C Products

Bio stove

Jewel Holder for  
Goddess Figurines

# Innovative Engineering Solutions

## Product Capability

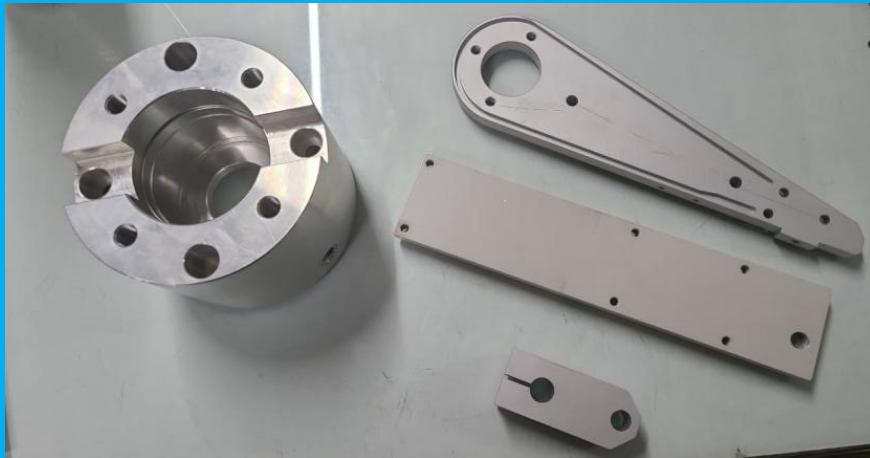

### Fabricated / Machined Parts

# Innovative Engineering Solutions

## Product Capability

### Precision Machined Parts

# Innovative Engineering Solutions

## Product Capability

### Pressed /Fabricated Products

# Innovative Engineering Solutions

## Product Capability

**DeepDrawn and Machined Products**

# Innovative Engineering Solutions

## Infrastructure

- VMC-650x390mm stroke
- MIG welding machines
- TIG welding machines
- Center lathe
- Drilling Machines
- 3D Printing
- CNC Turning -2No.s

# Innovative Engineering Solutions

## Our Team

**Our People are our strengths**

- Design
- Sourcing
- Fitters & Welders
- VMC Setting/Operation

# **Innovative Engineering Solutions**

## **Customers**

- L&T Engineering Services,Chennai
- Baliga Lighting Equipments Private Limited,Chennai
- Eruvaka Technologies Private Limited,Vijayawada
- 
- TI Diamond chain,Chennai
- Rotork Controls,Chennai
- ITC,Chennai
- Sanyata Actuation and Fluid Engineering,Chennai
- Geeno Tech Services,Chennai
- Insaplex,Chennai
